Founders Funds 

Dear

I received a very nice Norwegian Christmas card from your mother and father - I was so pleased they are great.

I thought you might like card with the Founders ice skate. The computer should be loaded with most programs you need if not we can re-do it. The perfume bottle I hope is a good addition to your collection.

If you want some one to show the streaks and wine with one night I would love to be your guest.

I wish you and your family a good Jul of it God. My 4th Dec.

With all my love
Bjorn
